

1. Greeting

Hey. How's it going?

Not bad. Thanks for asking.

Pretty good. And you?

2. Name exchange

I'm sorry. I can't remember your name. Could you tell me again?

I'm _____. May I ask you a question?

I'm _____. And you?

3. Find Someone Who...

If the answer is **yes**, write their name, ask **ONE (or more) follow-up question(s)**, and write their answers briefly.

Do you like hiking? <i>Shannon</i>	Did you travel this summer?	Have you been to a concert?	Have you been to another country?	Have you read a good webtoon?	Do you listen to k-pop?
<i>Mt. Everest</i>					
<i>Once a month</i>					

Did you study major-related stuff before coming to SeoulTech?	Have you read a great book about your major?	Have you written a journal or blog?	Do you prefer management to technology?	Are you excited about your classes this semester?	Have you made your own website or program? (for fun?)

I need to get to class. It was good seeing you again.

See ya!

It was nice to see you too _____.

Take care.
